1 . Prologue

Thank you for selecting and using our product. This document is a short guidance for kick-starting the product for your deployment. In case of any inquiry, please feel free to contact us at:

1. hollowaykeanho@gmail.com
2. hello@hollowaykeanho.com
3. <https://github.com/orgs/ChewKeanHo/discussions>

2 . Legal Licenses

This product is licensed under one or many of the software licenses listed in a separate and accompanied document called LICENSES.pdf or LICENSES.md depending on its encoded format. We advise you to comprehensively analyze it with your legal attorney before deploying our product especially in a commercial use environment.

3 . Getting Help Command

All our products are accompanied by the default and friendly “--help” or “help” command. Unless they’re otherwise stated, you can obtain the help of the program by simply executing the following command:

```
$ ./program --help
```

From time to time, the program are dynamically updated via this comprehensive command.

4 . Epilogue

That’s all from us. We hope you would enjoy the product to your delights.
